### KIDS JUST WANT TO HAVE FUN...

HOPE WITH HEART, a unique camp for children with heart problems, is all about Kids and fun.

All our campers face similar problems and anxieties. We help them to understand themselves a bit more and to learn from youngsters who have walked in their shoes.

There are no fees or other expenses charged to families. Children seven through fifteen can participate in our summer program. Sixteen and seventeen year-old can apply to the senior camp program. Sessions are currently six days long.

Counselor/camper ratio is about 1 to 3 and cardiac care trained nurses are always on site. A pediatric cardiologist provides medical oversight and remains on call throughout our session.

We welcome your participation and support in reaching more children. Our program is made possible because of many hardworking and dedicated volunteers. Support and friendship is there for the asking. Remember what HOPE WITH HEART is all about ... Kids just want to have FUN!
